What happens next?

Staff will review your application and mail to you a letter if your application is complete, or a letter stating the reasons why your application is not complete, and what additional information is needed. **It is your responsibility to contact your Town Board to get on their meeting agenda.** (List of Township contacts and meeting dates attached) When you meet with the Town Board, they will make a recommendation for approval or denial. Then your IUP will be scheduled for a Public Hearing with the County Planning Commission, who may also give a recommendation for approval or denial. Your neighbors will be notified of your application and be given an opportunity to speak for or against your request at the Public Hearing. Your IUP will then be reviewed by the County Board for approval, denial, or they may send your request back to the Planning Commission for consideration. The County Board's decision to approve/deny your IUP is then recorded in the Recorder's Office.

It typically takes 2-3 months from the time a complete application is submitted until the County Board approves/denies an IUP. If you have any questions, please call the Zoning Office at (763) 765-4450.
